

# Historical Association West Surrey Branch

## Secretary's Report for 2021-2022

With many societies, still suffering from the consequences of the pandemic/covid, the West Surrey branch continued to offer its members, a full programme of 'live' and zoom lectures, with the lectures being well supported by the members

The branch's committee, for its 2022/23 programme will offer its members another programme of varied and topical historical lectures, with all the forthcoming lectures, except for 1 lecture, being 'live', which will be by zoom. The 'live' lectures will continue to be held at our usual venue of St Nicholas church, Guildford. The committee felt that its members would rather attend 'live' lectures.

Our membership during 2021/22 has continued to hold up well, and at the end of the 2020/21 programme, the membership was 65 members, slight down from the previous year of 68

The West Surrey branch will continue to support the Historical Association's Great Debate programme, by hosting another event in 2022

If any member of the branch would be interested in becoming a committee member, they would be very welcome. The committee are always interested in welcoming new committee members. Please come and see me, or any other committee member
